To: All Administrators and Supervisors

From: Pam Grey – Director of Purchasing Services

Date: February 16, 2016

Subject: Annual Notice of Deadlines for all Purchase Requisitions

Important Notification – Purchasing Deadlines for FY 15/16

Please share this memo with all staff members who enter purchase requisitions into Banner.

The Purchasing Services department regularly experiences significant workload increases as the end of a fiscal year approaches. This is due to a variety of reasons, including:

- Measure C funded construction and equipment bids;
- Purchase requests with “use it or lose it” funds that must be encumbered/spent before year-end;
- Surplus property disposal requests, sales, donations, and recycling;
- An annual rise in purchasing activity that occurs toward the end of every fiscal year.

Approved purchase requisitions that are received in the Purchasing Services department on or before the relevant deadline receive priority processing. The order of priority for processing requisitions received by the deadline dates will be:

- Requisitions that involve funds that will be returned if not encumbered/spent before 6/30/16;
- Requisitions for materials, equipment, supplies;
- Requisitions for services that begin in FY 16/17.

Any purchase requisition received after the established deadlines will be subject to the exceptions process as outlined in this memo.
The current deadlines are as follows:

I. March 1, 2016: Requests for purchases that require a formal bid process

The (a) and (b) purchases described below involve a lengthy formal bidding process that requires a variable amount of preparation time wherein Purchasing Services and the requester work together to create a finalized bid document, including technical specifications, that is ultimately awarded by the District’s Board of Trustees. Since many formal bid requests are already in the queue, it is unlikely that Purchasing Services can process additional requests quickly enough to meet the Board of Trustees submittal deadline for the June meeting.

Please contact the Director of Purchasing Services right away if you have concerns regarding FY 15/16 formal bids.

This deadline is applicable to the following types of requisitions:

(a) Purchase requisitions for materials, supplies, equipment, or services, including facility maintenance services as defined in (b) below, when the total estimated cost including sales tax and freight exceeds $87,800 or when the estimated cost is less than this amount but the purchase will be funded by a grant that requires formal advertised bidding.

(b) Purchase requisitions for public project work of $15,000 or more.

“Public project” means any of the following: (1) Construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work involving any publicly owned, leased, or operated facility or (2) Painting or repainting (other than touch-up) of any publicly owned, leased, or operated facility or (3) Telecommunications cabling and networking.

“Public Project” does not include work that is “maintenance.” Maintenance in this context means routine, recurring, and usual work for the preservation, protection and keeping of any publicly owned or publicly operated facility for its intended purposes in a safe and continually usable condition for which it was designed, improved, constructed, altered or repaired. Maintenance work is subject to the higher bid threshold cited in (a) above, which is $87,800.

II. May 9, 2016: All other general requests for purchases, including categorical/grant funds

(This is the date FY 15/16 purchase requisitions must be approved in Banner.)

To ensure that your purchases will be encumbered against the current fiscal year budget, Purchasing Services must receive approved Banner purchase requisitions and the associated back-up materials no later than May 9, 2016. To allow sufficient time for all approvers to approve requisitions in Banner, please do the following:

• Enter requisitions ASAP and alert approvers so they may log into Banner and approve your requisitions.
• Remind approvers that FY 15/16 requisitions must be approved no later than May 9, 2016 in order to create a reservation against the FY 15/16 budget. Requisitions that are not approved by May 9, 2016 may be processed against the FY 16/17 budget.
This deadline is applicable to the following types of requisitions for all FOAPs including Grant funds and Student Instructional Material Fee funds:

(a) Purchase requisitions for supplies, materials, equipment, or services, including facility maintenance as defined in part I paragraph (b) above, with a total estimated cost that is less than $87,800, including sales tax and freight.

(b) Purchase requisitions to increase open order encumbrance balances for FY 15/16.

(c) Purchase requisitions for public project work, as defined in I (b) above, if the total cost is less than $15,000. If the estimated cost exceeds $15,000, see the deadline in part I above.

III. May 9, 2016 (preferably sooner): Open purchase orders that commence July 1, 2016
(Fiscal Year 2016-17 is now open in Banner. Please immediately begin to enter purchase requisitions for open purchase orders for FY 16/17 supplies or maintenance services.)

**Important: You must use a Banner transaction date of July 1, 2016 or later. If this is not done, Purchasing Services will not be able to process the requisition until after mid-July.**

These purchase requisitions should be entered as soon as possible, and approved no later than May 9, 2016, so that Purchasing Services can obtain quotations and create open purchase orders for activity commencing July 1, 2016. Purchase requisitions for open purchase orders must accurately specify the projected expenditures for FY 16/17 so that the encumbrance amount will be sufficient to pay all associated invoices through June 30, 2017.

IV. May 31, 2016: The date by which FY 15/16 requisitions for construction related purchases must be approved and posted in Banner.

To ensure that your purchases will be encumbered against the FY 15/16 budget, Purchasing Services must receive properly approved purchase requisitions and the associated back-up materials no later than May 31, 2016. To allow sufficient time for all approvers to approve requisitions in Banner, please do the following:

- Enter requisitions ASAP and alert approvers so they may log into Banner and approve your requisitions.
- Remind approvers that FY 15/16 requisitions must be approved no later than May 31, 2016 in order to create a reservation against the FY 15/16 budget. Requisitions that are not approved by May 31, 2016, may be processed against the FY 16/17 budget.

This deadline is applicable to the following types of requisitions:

(a) Purchase requisitions for independent contractor services or maintenance services, including facility maintenance as defined in part I paragraph (b) above, with a total estimated cost that is less than $87,800, including sales tax and freight. If the estimated cost exceeds $87,800, see the deadline in part I above.

(b) Purchase requisitions for public project work, as defined in I (b) above, if the total cost is less than $15,000. If the estimated cost exceeds $15,000, see the deadline in part I above.
(c) Change orders for construction projects or independent contractor agreements.

Departmental Responsibilities and Other Helpful Information

(1) Prepare purchase requisitions early and ensure that they are approved in Banner.

(2) Follow the procedures for entering a purchase requisition that have been established by your campus administrators. If you are unclear about the procedures, contact your campus Furniture, Equipment, Technology (FET) Coordinator or Furniture, Fixtures, and Equipment (FF&E) Coordinator for further instruction.

(3) For items that must be delivered prior to July 1, 2016, enter a purchase requisition to Banner as early as possible, particularly if the requested products typically have long lead times (“lead time” is the amount of time a vendor needs to manufacture and deliver the item). The requisition must be completed and approved prior to the deadlines indicated above.

The deadlines assume that the vendor can deliver within 30 days of receiving a purchase order, but for some products, such as furniture, typical delivery time may be 60 to 90 days after receipt of a purchase order.

(4) Purchase requisitions should include a clear description of what is requested. If you need assistance, please contact Purchasing Services.

(5) The deadlines also apply to all categorical and grant-funded purchases as well as student instructional materials fee funded purchases. Purchasing Services staff will not be responsible for monitoring which FOAPs have deadline requirements. If the funds must be spent and encumbered by a specific deadline date, then it is the department’s responsibility to relay that information in the text of the requisition (document text print) and the requisition must be completed and approved by the deadline dates.

Contact the Grants Monitor if you do not know the grant requirements. Contact your campus budget administrator if you have questions regarding student instructional materials fee fund requirements and/or balances.

(6) On requisitions for FY 16/17 open purchase orders that will continue the existing rental or lease of copiers, mail machines or other equipment, include the previous years’ purchase order number, as well as the valid contract numbers, serial numbers, and model numbers in the “document text print” field.

(7) To prevent payment delays, if you have established an Independent Contractor Agreement (ICA) or Agreement for Services and will need a purchase order to pay for the related invoices, submit a purchase requisition by the deadline dates above and the completed signed ICA/Agreement to Purchasing Services before the contractor begins work. See Board Administrative Procedure 3140.

(8) Purchase requisitions for purchases of computer hardware and software, including peripherals, servers, printers, scanners, and multimedia equipment must be reviewed and approved by ETS prior to being processed by Purchasing Services.
(9) Depending on complexity, it can take two to six weeks for Purchasing Services to obtain competitive quotations and create a purchase order after the requisition is approved in Banner.

*******************************************************************************

**Process for requisitions received after the deadline dates**

(This process will be applied to all requisitions received after the established deadline dates in which Purchasing Services is requested to process in the current fiscal year.)

(1) It is the Department’s responsibility to notify the Director of Purchasing Services (via email) of the request to process a late requisition. The request must include the requisition number, an explanation of why the requisition was not submitted in accordance with the deadlines above, and the reasoning of the importance to process in the current fiscal year. **Do not contact Buyers directly.**

(2) All requests to process late requisitions will be reviewed between the Director of Purchasing Services and the Vice Chancellor, Business Services. The Vice Chancellor may elect to discuss a course of action for the late purchase request in a Chancellor’s Cabinet meeting.

(3) Only requisitions that have been approved through this process will be completed for FY 15/16.

*******************************************************************************

Please contact the Director of Purchasing Services at (650) 949-6166 or greypam@fhda.edu if you have questions.

Thank you for your cooperation.
