6. CONTRACTOR’S LICENSE, REGISTRATION AND COMPLIANCE MONITORING

In accordance with section 3300 of the Public Contract Code, Contractor has a Class “_____” license which shall be maintained in good standing for the duration of Contractor’s work on the Project. Public works projects, as defined by Labor Code, shall be subject to compliance monitoring, reporting, and enforcement by the Department of Industrial Relations. The Owner shall not enter into any contract without proof of the Contractor’s current registration to perform public work under Labor Code section 1725.5.

6.1. DIR registration provides for an exemption for Small Projects as defined below.

6.1.1. Contractors who work exclusively on small projects are not required to register as public works contractors, or file electronic certified payroll reports for those projects. The small project exemption is applied based on the amount of the entire project, not a contractor’s subcontracted amount of the project. Small project exemptions apply for all public works projects that do not exceed:

- \$25,000 for new construction, alteration, installation, demolition or repair
- \$15,000 for maintenance

6.1.2. On projects that qualify for the small project exemption, contractors are still required to pay prevailing wages, maintain certified payroll records on a continuous basis, and provide those records to the Labor Commissioner’s Office upon request.

6.2. The Contractor shall not enter into any subcontract without proof of the subcontractor’s current registration to perform public work under Labor Code section 1725.5. A contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7,

Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work unless the Small Project Exemption is applicable.

7. PAYMENT

Option A (single payment upon completion):

If work is completed within 30 days a lump sum payment will be made following final completion by the Contractor and acceptance of the project by the Owner.

Option B (monthly progress payments and retention):

In accordance with Public Contract Code §9203 and §20104.50 where a Public Project or Repair is \$5,000 or more, Progress Payments less 5% retention will be paid within thirty (30) days after the Owner's receipt of a proper Application for Progress Payment.

- 7.1. Owner will pay Contractor on a monthly basis for services satisfactorily performed after receipt of properly documented and submitted applications for payment. Contractor shall submit to Owner an itemized application for payment on a monthly basis indicating the amount of work completed since commencement of the work or since the last progress payment, as applicable. These applications shall be supported by evidence which is required by this Agreement and such other documentation as the Owner may require. If required, the Contractor shall certify that the work for which payment is requested has been done and that the materials listed are stored where indicated. Contractor may be required to submit a detailed schedule of values upon request of the Owner and in such detail and form as the Owner shall request, showing the quantities, unit prices, overhead, profit, and all other expenses involved in order to provide a basis for determining the amount of progress payments. For each accepted payment, five percent (5%) shall be withheld and retained by the Owner, and the remainder shall be paid to the Contractor.
- 7.2. If the Contractor becomes liable under this section, the Owner, in addition to all other remedies provided by law, shall have the right to withhold any and all retained percentages of payments and/or progress payments, and to collect the interest thereon, which would otherwise be or become due the Contractor until the liability of the Contractor under this section has been finally determined. If the retained percentages and withheld progress payments appear insufficient to discharge all liabilities of the Contractor incurred under this section, the Contractor and its sureties shall continue to remain liable to the Owner for such liabilities until all such liabilities are satisfied in full.
- 7.3. Owner may withhold payment and/or retention, in whole or in part, to such extent as may be necessary to protect the Owner from loss because of any of the following: (a) Defective work not remedied; (b) Stop Payment Notices filed, unless the Contractor at its sole expense provides a bond or other security satisfactory to the Owner in the amount of at least one hundred twenty-five percent (125%) of the claim, in a form satisfactory to the Owner, which protects the Owner against such claim and which Owner chooses to accept; (c) Liquidated damages assessed against the Contractor; (d) Reasonable doubt that the work can be completed for the unpaid balance of any Agreement Sum or by the Completion Deadline; (e) Damage to the Owner, another contractor, or subcontractor; (f) Unsatisfactory prosecution of the work by the Contractor; (g) Failure to store and properly secure materials; (h) Failure of the Contractor to submit on a timely basis, proper and sufficient documentation required by the Agreement Documents; (i) Failure of the Contractor to maintain record drawings; (j) Erroneous estimates by the Contractor of the value of the work performed, or other false statements in an Application for Payment; (k) Unauthorized deviations from the Agreement Documents; (l) Failure of the Contractor to prosecute the work in a timely manner in compliance with established progress schedules and Completion Deadline; (m) Subsequently discovered evidence or observations nullifying the whole or part of a previously issued payment; (n) Failure to pay subcontractors or suppliers; or (o) Breach of any provision of the Agreement Documents.
- 7.3.1. Owner's failure to withhold any of these sums from a progress payment and/or retention shall not constitute a waiver of Owner's right to such sums.
- 7.3.2. Any stop payment notice release bond shall be executed by a California admitted, fiscally solvent surety, completely unaffiliated with and separate from the surety on the payment and performance bonds, that does not have any assets pooled with the payment and performance bond sureties. Owner reserves the right to approve or reject the surety insurer selected by Contractor and to require Contractor to obtain a bond from a surety insurer satisfactory to the Owner.

- 7.4. If the Owner accepts any work or makes any release of progress payments or retention under this Agreement after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.
- 7.5. In accordance with Public Contract Code section 22300, the Owner will permit the substitution of securities for any retention monies withheld by the Owner to ensure performance under the Agreement.
 - 7.5.1. At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the Owner, or with a state or federally chartered bank as the escrow agent, who shall then pay such retention monies to the Contractor. Upon completion of the work, the securities shall be returned to the Contractor if Owner has no basis to withhold under the Agreement Documents. Securities eligible for investment under this section shall include those listed in Government Code section 16430, bank or savings and loan certificates of deposit, interest-bearing, demand-deposit accounts, standby letters of credit, or any other security mutually agreed to by the Contractor and the Owner. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this section shall be substantially similar to the form set forth in Public Contract Code section 22300.

8. CHANGE ORDERS

- 8.1. The Contractor and the Owner agree that changes in the Project to be done under this Agreement and any plans and specifications shall become effective only when written in the form of a change order approved and signed by the Owner and the Contractor. It is specifically agreed that the Owner shall have the right to request any alterations, deviations, reductions, or additions to the Project and the amount of the cost thereof shall be added to or deducted from the amount of the Agreement Sum by fair and reasonable valuations. Contractor also agrees to provide the Owner with all information requested to substantiate the cost of the change order and to inform the Owner whether the work will be done by the Contractor or by a subcontractor.
- 8.2. This Agreement shall be deemed to be completed when the Project is finished in accordance with this Agreement, and any original plans and specifications as amended by such changes.
- 8.3. The Contractor shall submit with the proposed change order its request for time extension (if any), and include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the Project. The time extension shall be agreed to by the Parties and memorialized by a written change order prior to initiation of the work contemplated by the change order.

9. DISPUTES

If a dispute arises between the Owner and the Contractor as to an interpretation of any of the specifications or Agreement Documents or as to the quality or sufficiency of materials or workmanship, the decision of the Owner shall for the time being prevail, and the Contractor, without delaying the job, shall proceed as directed by the Owner without prejudice to a final determination of the dispute.

10. CLAIMS LESS THAN \$375,000

- 10.1. Notwithstanding any other provision herein, claims of \$375,000 or less shall be resolved pursuant to the alternative dispute resolution procedures set forth in Public Contract Code sections 20104, et seq., including claim, response, informal meet and confer conference, non-binding mediation if a claim of over \$100,000 remains in dispute after the meet and confer conference, and Government Code claim. "Claim" for this purpose means a separate demand by the Contractor for a time extension, payment of money or damages arising from work done by or on behalf of the Contractor pursuant to this Agreement, for which payment is expressly provided, or the Contractor is otherwise entitled to, or an amount the payment of which is disputed by the Owner.
- 10.2. The Contractor shall submit its claim of \$375,000 or less to the Owner in writing before payment is made. The Owner shall respond within the time provided by statute. If the Contractor disagrees with the response or the Owner fails to respond within the time permitted, the Contractor shall notify the Owner of the disagreement in writing within fifteen (15) days from the date of the response or expiration of the time permitted to respond and demand a meet-and-confer conference. The Owner shall schedule a meet-and-confer conference within thirty (30) days of the demand. If not resolved at the meet-and-confer conference,

then the claim shall be submitted to mediation. If the dispute is not resolved at mediation, the Contractor may initiate a civil action as set forth in Public Contract Code section 20104 et seq.

11. TERMINATION

- 11.1. If the Contractor should be adjudged bankrupt, or if the Contractor should make a general assignment for the benefit of Contractor's creditors, or if a receiver should be appointed on account of Contractor's insolvency, or if Contractor or any of Contractor's subcontractors should violate any of the provisions of the Agreement, or if Contractor should refuse or fail to supply enough properly skilled workmen or proper materials, or if Contractor violates Labor Code section 1771.1(a), subject to the provisions of Labor Code section 1771.1(f), or should fail to make prompt payment to subcontractors or for material or labor, or disregard laws, ordinances or the instructions of the Owner, then the Owner may serve written notice upon the Contractor and its surety of its intention to terminate the Agreement. Unless, within five (5) days after the serving of such notice, such violations shall cease and satisfactory arrangements for corrections thereof be made, the Agreement shall, upon the expiration of said five (5) days, at the Owner's option, terminate.
- 11.2. In the event of any such termination, the Owner shall immediately serve written notice thereof upon the surety and the contractor, and the surety shall have the right to take over and perform the Agreement; provided, however, that if the surety, within ten (10) days after the serving upon it of Notice of Termination, does not give the Owner written notice of its intention to take over and perform the Agreement or does not commence performance within ten (10) days from the date of the serving of such notice; the Owner may then take over the Project and prosecute the same to completion by any method it may deem advisable, for the account and at the expense of the Contractor, and the Contractor shall be liable to the Owner for any excess cost occasioned the Owner thereby. In such event, the Owner may without liability for so doing, take possession of and utilize in completing the Project, such materials, appliances and other property belonging to the Contractor as may be on the site of the Project and necessary therefore. In such case the Contractor shall not be entitled to receive payment until the Project is finished. If the Agreement Sum exceeds the expense of finishing the Project, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expense shall exceed the Agreement Sum, the Contractor shall pay the difference to the Owner.
- 11.3. The Owner may, at any time, terminate the Agreement for the Owner's convenience and without cause. Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Contractor shall (1) cease operations as directed by the Owner in the notice; (2) take actions necessary, or that the Owner may direct, for the protection and preservation of the work; and (3) except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders. In case of such termination for the Owner's convenience, the Contractor shall be entitled to receive payment for work executed, and costs incurred by reason of such termination.

12. SUBCONTRACTORS

If Contractor shall subcontract any part of the work, Contractor shall be fully responsible to Owner for acts or omissions of Contractor's subcontractors. Pursuant to Public Contract Code section 6109, no contractor may perform work on a public works project with a subcontractor who is ineligible to perform work on the project pursuant to California Labor Code sections 1777.1 or 1777.7.

A Contractor seeking an extension of time as a result of the above enumerated acts, must present the request for an extension of time to the Owner within fifteen (15) calendar days of the commencement of the act causing the delay. A Contractor's failure to provide notice of a request for an extension of time may result in denial of the request.

Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to a Party, person, or entity described in this paragraph. This obligation to defend and indemnify includes any claims or actions by third parties arising out of or resulting from Labor Code section 2810. Contractor and its subcontractors shall have no obligation to defend or indemnify the Indemnitees against claims, actions, damages, liabilities, losses, and expenses caused by the active negligence, sole negligence or willful misconduct of Indemnitees. This indemnification shall apply to all liability, as provided for above, regardless of whether any insurance policies are applicable, and insurance policy limits do not act as a limitation upon the amount of the indemnification to be provided by the Contractor and its subcontractors.
- 17.2. In the event Contractor brings hazardous materials on the Project site, the Contractor shall pay for all costs of testing and remediation, if any, and shall compensate the Owner for any additional costs incurred as a result of Contractor's generation of hazardous material on the Project site. In addition, the Contractor shall defend and indemnify the Indemnitees from and against any and all claims, damages, losses, costs and expenses incurred in connection with, arising out of, or relating to, the presence of hazardous material on the Project Site, except to the extent the claims, damages, losses, costs, or expenses were caused by Indemnitees' active negligence, sole negligence or willful misconduct.

Contractor's obligation to correct the warranty item continues until the correction is made. After the correction is made to Owner's satisfaction, a new warranty period of the same length as the original warranty period shall run on the corrected work.
